

Looking into the future exercise (Anonymous!)

What are our Strengths as a Church, individually and when we pull together as a team.

What are our Weaknesses as a Church, the things that hold us back, or cause all our efforts to fail.

How can we turn our Strengths into Opportunities to grow the Church's mission and outreach?

What do we think are the Threats to our community?

What is your dream for the future of St. Christopher's Church, Hinchley Wood?

If we had the extra cash, what would you like it invested in?

- Improvements to our buildings, and resources (technology)
- A parish administrator / bookkeeper
- A children and families minister
- A youth minister
- A house for a curate (or a minister)
